DOINGS AT OTTAWA

THE ANTI-CIGARETTE AMENDMENT

Another Territorial Judge Aid To Steamboat Line

(Bulletin Special Dispatch).
Ottawa, September 8.—The anti-cigarette amendment to the criminal code was up for consideration today. It had been objected to both by tobacco dealers and anti-tobacco advocates. The minister of justice withdrew the amendment and proceeded to introduce another which he hoped would be more satisfactory. The resolution providing for an additional judge for the Northwest was agreed to. A subsidy was voted for a line of steamers to France. The redistribution bill comes up to-morrow night. Matters were quiet in the House to-night.

LOCAL

—Train left Red Deer on time.
—The firemen paraded to the Methodist church Sunday evening.
—A bunch of keys found on the street, has been left at this office for the owner to claim.
—Winnipeg Commercial.—N. Hawif of Winnipeg, will erect an elevator at Edmonton this fall.
—The Edmonton lacrosse and baseball teams had their photos taken at Mathers' on Monday.
—The machinery for Fraser and Company's new mill has arrived and will be installed immediately.
—The new telegraph office between the Bulletin and Humberstone blocks is ready for occupation.
—Strathcona defeated Red Deer in football in Red Deer on Monday by a score of five to three, winning a hundred dollar purse.
—The full set of band instruments for the Harmonic band have arrived and can be seen in the Edmonton Music Company's window from now until tomorrow night.
—An effort will be made this fall by the young men in town to form a club. Athletics will be a feature and some of our prominent citizens have assured both moral and financial assistance.
—Extensive arrangements are being made for the union Sunday school picnic on Tuesday, Sept. 15th, civic holiday. A detailed outline of the arrangements for the picnic will be published tomorrow.
—All sorts of novel equipages are seen on Edmonton streets. This morning a farmer drove along with a small cayuse and a large sized steer hitched together. The ox, as if proud of being hitched alongside of a horse, stepped along at a good lively rate.
—Since yesterday morning scattered showers have occurred both in Manitoba and the Territories, and the temperatures yesterday were all under sixty, except in eastern Manitoba. The outlook is by no means settled yet and occasional showers are still probable, with weak winds and cool weather.
—A team attached to a buggy ran away this morning from near J. Whitelaw's store. In rounding the corner at Queens street, the buggy was upset and smashed. The team was caught near the public school. Almost at the same time, a delivery team, catching the excitement, ran away and scattered boxes all along Queens street.

PERSONAL

Mr. F. Fry leaves tomorrow morning for Lethbridge to tender on a complete waterworks system for that town.
C. P. Lewis, Canadian Pacific line man, is in Edmonton today and will likely superintend the installing of the wires in the new telegraph office.
Geo. Durand, late principal of the Fort Saskatchewan school, tied for first place in the Tyro's match at Ottawa, but on shooting off the tie came in second.
The tie is doing well in all the other matches and expects that the 90th regiment team, of which he is a member, will have a high standing in all the team matches. As a shot that is only a three-year-old, Northern Alberta should be proud of him, as proud as his parents, who live in Strathcona, are no doubt feeling.

DEATHS

WHITE.—At Edmonton on Tuesday, September 8th, James, only child of Mr. and Mrs. White, aged 3 years, 10 months, and 25 days.
The funeral will be held Thursday, September 10th, at 2:30 o'clock to the Roman Catholic church, and thence to the cemetery.

SLANDER OR LUNACY

Ottawa Citizen, Sept. 1st.
Edmonton, near the Arctic circle, is the latest spot to bloom out as a home of pugilism. The Edmonton Farmers' club, composed of trappers, Hudson Bay company officials and young English noblemen whose paps exiled them to the wilderness in the hope that they would learn to work, has been duly organized, and is offering \$1,000 purses, with transportation, for fairly good boxers. The fighting season in Edmonton, though, is rather limited. A local manager who was offered a September date by the Farmers' club sent word that he would be glad to accept it for October.

The club thereupon replied that Edmonton in October is about forty-seven feet deep in ice, and that the men would have to fight on snowshoes. With Edmonton and Dawson in line, it is time to hear from the Upernivik A. C. and the Iceland Physical culture Association. The club members of Edmonton, all joking aside, are said to be an ideal crowd to fight before—dead game sports of the truest kind, as Englishmen away from home are generally found to be.

The Store of the Town

A Short Talk About Clothing!

In Men's Clothing as well as all other lines of merchandise there are different grades and values. The clothing of twenty years ago cannot be compared with that which is made today, the style, finish and general make up is much better in every respect and prices are more moderate.

The ready-made suit of today is as highly finished as any Tailor can turn out and prehaps better.

But when we say higher we don't mean price. The clothing we handle is the best obtainable in the Canadian market.

We have seven different maker's goods in our stock, but when it comes to the finish and wearing qualities we recommend our "PICCADILLY" suits in every case.

Our Stout Men's Suits should be of interest to every man that is in the stout order.

Remember our Clothing gives satisfaction or we refund the money cheerfully.

SCHOOL PICNIC

The Public School Picnic
Proves a Very Successful Event.

The Edmonton Protestant public school picnic on Saturday afternoon was a highly successful event. As it is to grace the event the weather turned out bright and sunny. The scholars formed in ranks on the public school grounds and the pupils of each standard with the teacher in attendance marched down Queens Ave., along Jasper, down Second street to the exhibition grounds. The smaller children marched first and were followed by the next higher standard. There were upwards of four hundred and fifty scholars in the procession, which presented a very pretty appearance. On arriving at the exhibition grounds the children amused themselves in various ways until the races, etc., were commenced. While the races were in progress the teachers prepared supper, and needless to say the children thought the supper not the least enjoyable of the day's proceedings. After supper the scholars had their photos taken, and then the prizes were distributed. The day's program was very much enjoyed and everything passed off very successfully. The prize winners in the different events were:

Quarter mile race—1st W. Walker; 2nd, G. Haskell.
Two hundred and twenty yard race—1st, Ray Beals; 2nd, Harold Sutter.
Hundred yard dash—1st, Walter Walker; 2nd, Gordon Haskell.

GRAND CONCERT

The moving pictures entertainment in Robertson hall last night was one of the best of its kind ever shown in the west. Really good shows are a scarcity in Edmonton and when one appears it is all the more greatly enjoyed. The hall was packed to the doors and fairly good order prevailed. Many of the pictures thrown on the canvas were exceedingly interesting, instructive and beautiful. Others shown to give amusement, provoked a great deal of laughter. The military views were especially realistic and the astrologers trip to the moon, reproduced from the first night's entertainment, was exceedingly attractive and amusing. The entertainment throughout was of an especially refined and elevating nature. The company will return to Edmonton in a few months and may be sure of a crowded house.
